Palo Alto, CA – June 2, 2008 – The Radicati Group, Inc. has released a new market brief on “Corporate Web Security”, which analyzes the market’s highly competitive landscape.

The Web Security market is comprised of solutions that provide inbound and outbound security to business organizations, protecting against the myriad of threats that exist on the internet today. Securing web traffic includes spyware and malware protection, URL filtering and classification, and preventing data leakage.

Radicati Market Quadrants rank vendors in this market based on a four quadrant system, which includes “Mature Players,” “Specialists,” “Trail Blazers,” and “Top Players” quadrants. Leading players in each market segment are ranked based on the features and functionality of their solution, as well as their market share in that segment. Radicati Market Quadrants provide a comparative viewpoint of the market, and a brief analysis of each vendor is included in the study, including both strengths and weaknesses.

Companies evaluated in the report include: *Barracuda Networks, Blue Coat Systems, IronPort Systems (Cisco), McAfee, MessageLabs, Secure Computing, Trend Micro, Webroot Software, and Websense.*

To order a copy of the study, or for additional information please visit our web site at <http://www.radicati.com>, or call (650) 322-8059.
